FOREWORD

IFFCO has come through a remarkable long journey since its inception on 3rd November 1967.

It is a matter of great pride to release the updated edition of “IFFCO at a Glance” - a popular annual compilation providing performance trends and key information of the Society. Its vital information is a ready reckoner of statistical data to IFFCO officials and our esteemed visitors.

Important information on Overseas Ventures & information for International Guests are also available at the end.

With Best Wishes

ABOUT IFFCO

- ☘ Till mid 1960s, cooperatives in India had no production facility despite marketing nearly 70% of fertilisers.
- ☘ Indian Farmers Fertiliser Cooperative Limited (IFFCO) was established as the farmers' own initiative in Cooperative Sector on 3rd Nov' 1967 with the proposed manufacturing plants to be set up at Kalol and Kandla.
- ☘ IFFCO is registered as a Multi-State Cooperative Society under the provisions of the Multi-State Cooperative Societies Act, 2002.
- ☘ The Society is fully owned by Cooperatives.

CORPORATE GOVERNANCE

- ✿ Since inception, IFFCO has consistently followed transparent, democratic and professional practices in Corporate Governance.
- ✿ IFFCO has carved out a strong "Cooperative Identity" and is making sincere efforts to uphold the "Cooperative Values" by cherishing the "Cooperative Principles".
- ✿ IFFCO endeavours to achieve highest levels of transparency, accountability and full disclosure to its members to uphold the spirit of Cooperative Principles and Cooperative Values as laid down by the International Cooperative Alliance (ICA).
- ✿ Initiative has been taken for strengthening IFFCO's Member Cooperative Societies through a web-based member portal for enabling them to access information relevant to them.

IFFCO NANO FERTILISERS PLANTS

- IFFCO Nano Urea & IFFCO Nano DAP are revolutionary products, which have the potential to usher India into a completely different trajectory in terms of farm productivity as well as sustainable and responsible agriculture. IFFCO has further enhanced the quality of Nano Fertilisers and launched Nano Urea Plus.
- Nano Fertilisers are supported by the Government of India under 'Atmanirbhar Bharat' initiative, reinforcing their role in strengthening India's agricultural self - sufficiency and are also being recognised as a key contributor to sustainable agriculture by international organisation such as the FAO.
- To ensure the widespread adoption of Nano Fertilisers, IFFCO has conducted large-scale trials across 15 agro-climatic zones, demonstrating how Nano Urea Plus and Nano DAP can correct fertilizer imbalances by up to 50% while enhancing yield and crop quality.
- IFFCO's Mega Campaign for the Promotion & Application of Nano Fertilisers has further accelerated farmer engagement through the IFFCO Model Nano Village / Cluster initiative.
- During FY 2024-25, IFFCO established 203 clusters across 1,517 villages in 21 states, directly engaging 87,633 farmers in this transformative initiative.

NANO FERTILISERS PLANTS

- IFFCO has established the first ever Nano Urea (Liquid) & Nano DAP (Liquid) fertiliser production facilities at IFFCO KALOL Unit.

COMMITMENT TO BETTER ENVIRONMENT

- ✿ IFFCO has always been promoting sustainability in its operations by way of process optimization, investment in energy efficient technologies and conservation of resources to reduce the environmental footprint. .
- ✿ IFFCO, through IFFDC, has planted around 3 lakh forestry and horticulture plants in 239 ha area during FY 2024-25.
- ✿ IFFCO has installed Solar Power Plants of 6.45 MWp capacity at its various locations, which generated around 6,557 MWh of Solar Power during FY 2024-25, which is equivalent to reduction in CO2 emissions of around 4,590 MT.
- ✿ Society arranged for processing around 33,400 MT of plastic waste through recycling and waste-to-energy process during 2024-25.

ISO CERTIFICATION

- ✿ IFFCO has been laying continuous thrust on Quality improvement, Environmental Sustainability, ensuring Occupational Health & Safety and Energy Conservation in all its functional areas.
- ✿ Our manufacturing Plants at Kalol, Phulpur, Aonla and Kandla are certified with Integrated Management System (IMS) consisting of Quality Management System (ISO 9001:2015), Environmental Management System (ISO 14001:2015), Occupational Health and Safety Management System (ISO 45001:2018) and Energy Management System (EnMS) (ISO 50001:2018). Paradeep Plant is certified with ISO 14001:2015, ISO 45001:2018 and ISO 50001:2018.
